

Laboratory Assistant Technician

Baie-d'Urfé (West of Montreal), Full-time

Micom Laboratories is a materials testing laboratory located in Baie-D'Urfé, in the western part of Montreal. We are currently seeking a full-time laboratory assistant technician to join our team. To be considered for this position, you must be a Canadian citizen or at least hold a valid working permit in Canada.

ROLES & RESPONSIBILITIES

This position involves testing surface finishes (gloss, color, adhesion, ...), salt spray exposure, and UV exposure on raw materials or finished products. More specifically, tasks include:

- Receiving, identifying, and preparing samples.
- Measuring color and calibrating the colorimeter according to ASTM D2244.
- Measuring gloss and calibrating the gloss meter according to ASTM D523.
- Measuring hardness, weight, dimensions, and adhesion.
- Measuring pH and calibrating the pH meter.
- Operating and verifying a salt spray chamber in accordance with ASTM B117.
- Using a xenon arc apparatus according to ASTM G155.
- Monitoring laboratory temperature and humidity.
- Entering data into the database.
- Participating in audits as a test technician for laboratory accreditation.

QUALIFICATIONS

For this position, we're looking for a candidate with the following qualifications:

- College diploma (DEC) in natural sciences, technical science, or equivalent experience.
- Ability to communicate orally and in writing in French and English.
- Good manual dexterity.
- Proficiency in Microsoft Office suite (Excel, Word).
- Ability to multitask effectively, managing multiple samples simultaneously.
- Ability to manage one's own schedule.

WE OFFER

- Full-time position with a flexible schedule for a better work-life balance.
- A comprehensive insurance plan for your peace of mind.

- A salary ranging from \$18 to \$20 per hour depending on experience.
- Access our on-site gym for your well-being.
- Excellent accessibility: only a 6-minute walk from the commute train and soon 0.8 km from the REM (Réseau Express métropolitain).
- A bike path right in front of our premises for cycling enthusiasts.

📧 To apply, please send your CV and a cover letter to emploi@micomlab.com. Please include the job title in the subject line of your email. Applications must be submitted by October 18, 2024. We thank all applicants for their interest, but only those selected for an interview will be contacted.
